

PIMOF IN ARGENTINA

Javier and Guillermo with their wives and four other participants

After the preparatory meetings with Guillermo Fraile (new head of FE Argentina), IFFD decided to re-launch its courses in Argentina. This PIMOF gathered 55 young married couples from Buenos Aires, Rosario, Mendoza... and from Paraguay.

The course was structured in two Saturdays: The first one took place in October 14th and was moderated by Javier Vidal-Quadras (who travelled with his wife, Loles Torras). His aim was to explain the F System, the IFFD structure in the world and constitution of FE Centers. The second took place in October 28th and was moderated by several teachers from IAE. Their duty was to explain the case method and moderation skills.
