

PIMOF IN GUATEMALA

José Miguel Cubillo and Lola Esteban during their visit to Guatemala

Two IFFD flying moderators, José Miguel Cubillo and his wife Lola Esteban, travelled at the end of January to Guatemala. They came back very happy because they found it was a marvellous experience and hope this will be a good re launch for IFFD courses in that country.

The 12 married couples from Guatemala during the PIMOF

During their visit they gave a PIMOF to 12 well-trained married couples and a conference to over 200 people about the need of family enrichment courses.

The conference about IFFD Family Enrichment for 100 married couples

PREPARING THE CONGRESS

The main entrance of the hotel Parco dei Principi

During the last weekend of January five people of the IFFD team (3 from the communication department and 2 from the secretariat) travelled to Rome in order to prepare the congress.

The committee in charge of making logistic decisions for the congress

The conclusions of this trip were that the local committee has prepared this congress very well. In a few weeks we'll give the participants further details about organization.
