

PIMOF IN HONDURAS

José Luis and Pilar with the local couple in charge

José Luis Galdón and M^a Pilar travelled to Honduras for their first time as flying moderators. They gave a PIMOF to 24 married couples and they came really happy with the experience. Now there is a good group of candidates to moderators in Tegucigalpa to give IFFD courses. We all hope they will make happy families. Alfonso & Liliana Fortín are the local presidents.

NEW IFFD DEPARTMENT

Meeting in Vienna to kick off the new IFFD dept.

A new person has been recruited to work as IFFD staff coordinating all the efforts that are being done worldwide in the international arenas. Her name is Ada Gariga. We hope that with her daily work we will get a more efficient intervention in institutions such as the United Nations. For a long time we have had the lobbying in this area done on the spot mainly by Jim Morgan, Raul & Liliana Alessandri and Kim St-Maurice in New York and Michael Schwarz in Vienna. They will go on working with the tranquility of having someone who is aware of all they do and making sure that we all get to know it. Meanwhile we can all contribute to a better society by working in our families and helping others to do the same.

FIRST STEPS COURSE IN COLOMBIA

"First Steps" parents in Colombia

In December 15th graduated a group of parents who had been doing First Steps. You can see most of the married couples with their "First Steps" children. Now they are more confident in their educating task.
