

GET-TOGETHER IN MEXICO

Javier Vidal-Quadras during his conference "Married Love"

This was a fabulous experience. Tomas Malmierca and Javier Vidal-Quadras travelled to Mexico. It was the 4th trip in two years. Many PIMOFs have been given during this time and, as the final kick off, the Mexicans organized a get-together for the main moderators of the Mexican States.

They all met from February 15th to February 17th.

ACTIVITIES IN LEBANON

Brigitte et François de Baudus during a conference in Beirut

For political reasons it's not easy to start family enrichment activities in Lebanon; however this French married couple travels yearly to Beirut to give family enrichment oriented conferences.

Mitri Doumot, Antoine Saade & Georges Jamohuri with their wives are in charge of the organization. Let's hope peace will soon let them enjoy IFFD courses!
