

PIMOF IN EL SALVADOR ▼

Some of the participants during one of the sessions

Last March 29th & 30th Javier Reguart & Inma Abelló gave a PIMOF to 44 married couples from San Salvador and other neighboring cities. They all intervened in the program with an extraordinary enthusiasm. The ICEF Foundation, Chaired by Jaime & Margarita Funes, already has many married couples involved in this wonderful family Project.

The 88 participants of the PIMOF in San Salvador

During the two days of intense work they developed the theoretical parts and practice of the program, in an atmosphere of friendship and with an excellent organization, deepening in the optimization of the capacities to moderate sessions and in the methodology for the promotion of the courses. We are sure they'll do a great job!

RAFAEL PICH: DOCTOR HONORIS CAUSA ▼

Rafael Pich with the University rector of the UIC

Last April 16th our dear Rafael Pich was sworn in as Doctor Honoris Causa by the International University of Catalonia.

As you all know Rafael has dedicated his whole life to Family Enrichment courses. He has been Vice-President of IFFD since the beginning and is now Vice-Chairman.

Rafael Pich during the investment ceremony

We can say he has had three professions: his family, his professional job and family enrichment. It's fantastic to see that his enthusiasm has been appreciated by a prestigious University, apart from thousands of families around the world. He is a very good example to follow as a professional, as a father and as family enrichment moderator. It's great to see how it's possible to balance these three important issues of life and reach excellence.
